

ALGAE *free* ^{GUARANTEED}*

YOUR PRESCRIPTION FOR PHOSPHATE REMOVAL

Have your pool professional fill in the following information:
[IMPORTANT! Make sure there is no live algae in pool prior to test.]

Current Phosphate Level

Size of Pool (in gallons)

LOW RANGE PHOSPHATES (for phosphate readings from 0-300ppb)

- Low range phosphates can be lowered by using Natural Chemistry's **Pool Magic + PHOSfree**. One 33.9oz bottle treats up to 20,000 gallons of pool water and removes 300ppb of phosphates.
- The key to the **Algae Free Guarantee** is a weekly maintenance program using Natural Chemistry's **Pool Magic + PHOSfree**.

MID RANGE PHOSPHATES (for phosphate readings from 300-1000ppb)

- Mid range phosphates can be reduced by using Natural Chemistry's **PHOSfree**. Fill in the following information for the recommended dosage.

| Phosphate Level | Dosing Rate | Recommended Dose |
|---------------------------------------|-------------------------------|----------------------|
| 300 - 600ppb <input type="text"/> | 1 Liter per 10,000 gallons | <input type="text"/> |
| 600 - 1000ppb <input type="text"/> | 1.5 Liters per 10,000 gallons | <input type="text"/> |

- Follow-up with weekly maintenance program, featuring Natural Chemistry's **Pool Perfect + PHOSfree**.

For a detailed explanation of the terms and conditions of the **Algae Free Guarantee** program, please visit:
www.naturalchemistry.com

HIGH RANGE PHOSPHATES (for phosphate readings 1000ppb+)

- High range phosphates require a higher dosage of Natural Chemistry's **PHOSfree**. Fill in the following information for the recommended dosage.

| | |
|---|---|
| <p>Current Phosphate Level</p> <input style="width: 80%; height: 40px;" type="text"/> <p>÷ 1000</p> <p>= <input style="width: 80%; height: 40px;" type="text"/></p> <p>x 1.5</p> | <p>Size of Pool (in gallons)</p> <input style="width: 80%; height: 40px;" type="text"/> <p>÷ 10,000</p> <p>= <input style="width: 80%; height: 40px;" type="text"/></p> <p>x 1</p> |

| <p style="font-size: 2em; font-weight: bold;">}</p> <p>Dosage required: <input style="width: 60px; height: 40px;" type="text"/> L of Natural Chemistry's PHOSfree</p> | |

- Follow-up with weekly maintenance program, featuring Natural Chemistry's **Pool Perfect + PHOSfree**.

FOR CARTRIDGE & DE FILTER USERS:

For phosphate levels over 1000ppb add Natural Chemistry's **PHOSfree** - 1L at a time, every 1-2 hours, while monitoring filter pressure. Any questions, please call **1-800-753-1233** for assistance.

*** Note:** For phosphate levels over 1000ppb, alternatively you can use Natural Chemistry's **PHOSfloc**. See your dealer for details (you must be able to vacuum to waste with this product).
