

Prevent dangerous slips and falls!

SUPER CONVOY

SLIP RESISTANT EPOXY COATING

SUPER EPOXY CONVOY will help prevent dangerous slips and falls. For over 40 years, SUPER CONVOY has been used to safeguard diving boards, shower floors, locker rooms, steps, coping, concession areas and other "slippery when wet" areas. Using SUPER CONVOY will also help reduce liability risks.

This two-component, high solids product provides a high profile finish to increase friction while remaining comfortable to the touch.

SUPER CONVOY can be applied to clean, dry and sound surfaces. No maintenance is required and SUPER CONVOY will remain durable for many years.
