# PhosKlear 4000

Unique, dual-action formula removes phosphates and keeps water crystal clear

- Our unique combination of powerful phosphate removers and best-in-class SeaKlear® Natural Clarifier reduces phosphates and clears water quickly
- Removes phosphates generated from fertilizers, cleaners, pool chemicals & other pollutants
  - One quart removes 4,000 ppb of orthophosphates per 10,000 gallons
- A great solution for residential pools
  - Can be used for both treatment & weekly maintenance
- Great for opening and closing pools
