

QUICK START GUIDE

CROSS WIND V™ + Raymote™

1 Sign-Up with the Raymote App

Available for:

Sign-up

Create an account

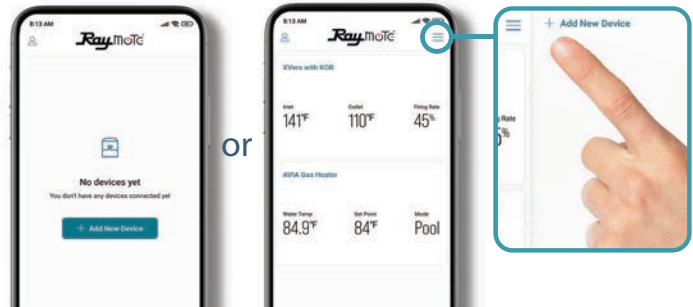

Create a password from email

If you do not receive the invitation email, check your Junk folder.

2 Turn on the Heater

3 On your phone, click add new device

4 Stand close to the heater to connect to the Raymote app

iOS View

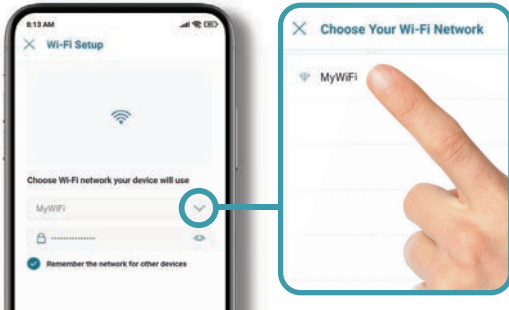

Android View

The CONNECT key displays the ID and connectivity status.

5 Select your Wi-Fi network and enter your password

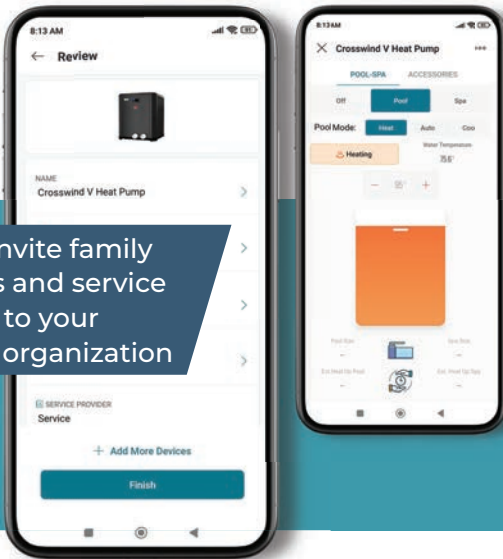

Make sure to have a strong Wi-Fi signal near the heater.

6 The heater is connecting to your Wi-Fi

7 Name your heater to complete the setup and enjoy Raymote control

You can invite family members and service suppliers to your Raymote organization

-  Control and schedule your pool heater
-  Automates heat up time by learning pool size
-  Raymote mobile app – allows on-the-go control of your pool temperature and so much more

Having trouble connecting your heater?

Try these suggestions to improve your Wi-Fi signal:

- Confirm that your Wi-Fi signal strength is strong enough to reach the heater (walls and fences may affect Wi-Fi signal)
- Reduce distance between Wi-Fi router and the heater
- Add a Wi-Fi range extender
- Enable a new Wi-Fi access point
