SharkVAC
by **HAYWARD**®

ROBOTIC POOL CLEANER

An innovative cleaner with a robust design that cleans your pool's floor from wall to wall.

SharkVAC is built with proven TigerShark technology and the highest quality components. A sleek, low-profile design and top-access filter cartridges are a few of the great features that give SharkVAC added bite.

Top access allows for quick debris removal and easy clean-up.

SharkVAC by Hayward® is your pool's most valuable asset.

SharkVAC uses up to 94% less energy than most pressure cleaners. The energy used by a standard light bulb is all that's needed to power this innovative cleaner! Hayward's SharkVAC is a floor specific cleaner that delivers performance and price in a uniquely robust design. It cleans your pool's floor from wall to wall...where the debris is!

SharkVAC's high-quality performance cleaner features and benefits:

- Top-access filter allows quick debris removal and easy clean-up just remove and rinse with a garden hose.

- Fast, intelligent energy efficient cleaning pattern

- Saves you money. Runs separately from the pool's pump and filter system.

- Cleans all residential pool surfaces, gunite, vinyl or fiberglass up to 20 x 40 ft.
