These are rough quotes, within each manufacturer's general pricing, based on rectangle, grecian and oval shaped pools without vinyl lined steps.

DON'T REPLACE YOUR STEPS - RENEW THEM!

Pool steps are used in very difficult environments and over time show the wear and tear of general use and continuous exposure to sun, seasonal heat and cold, moisture, and pool chemicals. Olympic Step Renew provides a simple process to revitalize old and weathered thermoplastic, acrylic and fiberglass pool steps used in vinyl liner swimming pools. The Step Renew kit contains the tools, the cleaner, and the coating needed to easily renew your pool steps and extend their useful life. Pool Steps look new again at a fraction of the cost of replacement. Complete kit provides materials in convenient one-stop format. Simple prep and application – finish your project in a few hours. Includes an Epoxy Patching Compound for repairing damaged steps. Durable finish provides years of performance and protection. High-hiding formula covers in one coat. Anti-slip silica sand provided for tread areas to promote safety. Available in blue, gray, or white.
